

## **Opportunity to Purchase an Original Print of the Bob Hoffman Tropical Water Lily**

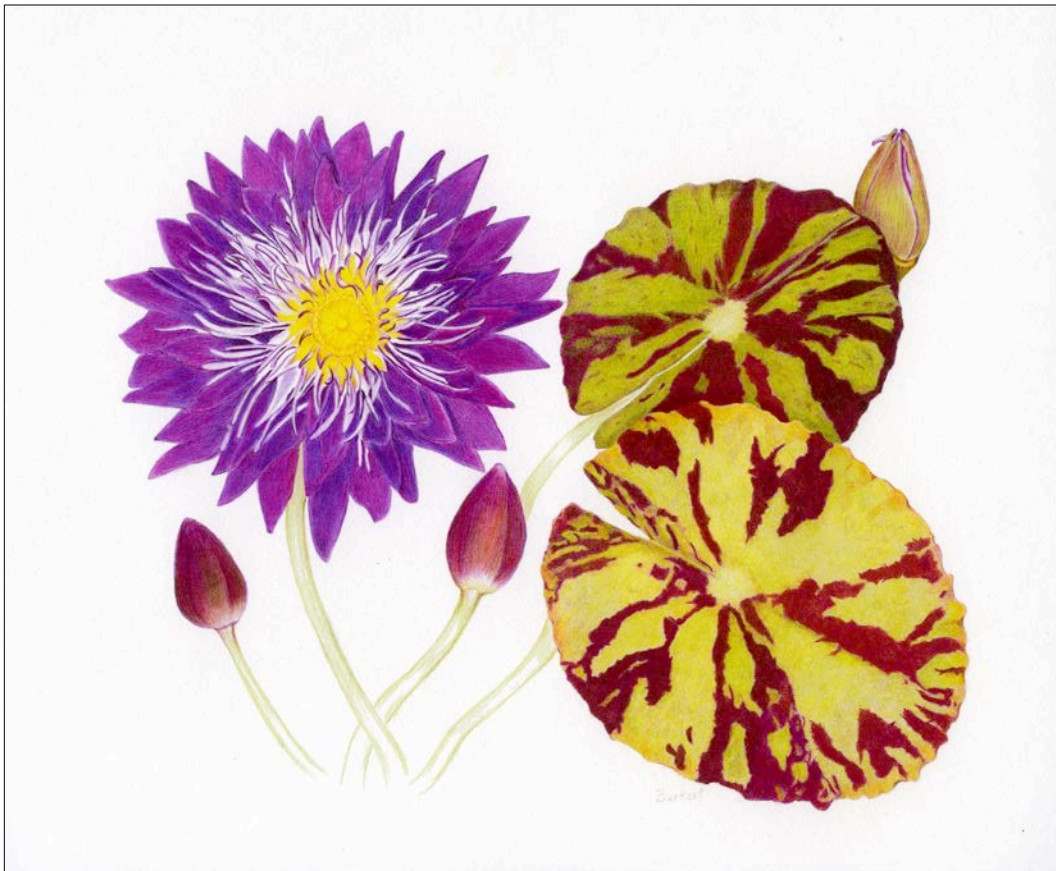

**by Dorothy Martinez**

The Colorado Water Garden Society is offering a unique opportunity to purchase an original print of the Bob Hoffman tropical water lily created by Colorado Water Garden Society member Teresa Burkert. Teresa spent many dedicated hours creating this unique print of a very special water lily. She has also generously given CWGS permission to reproduce her print, sell it, and keep 100% of the proceeds.

The 10" x 12" print will be reproduced onto Alpine Canvas, stretched onto a wood frame, and offered for \$35 per print. Our initial order will be for 15 prints (more prints will be ordered if demand creates the need to order more).

If you would like to order this one of a kind print, please let Dorothy Martinez know by Saturday, December 5<sup>th</sup>. You can call her at (303) 279-3137 or e-mail her at [dam@johnfunk.com](mailto:dam@johnfunk.com) to let her know you want to order a copy of the print.

You can pick up your print at the Colorado Water Garden Society's Annual Holiday Banquet on Thursday, December 17<sup>th</sup> starting at 6:00 pm. If there are any extra prints left after the Holiday Banquet, CWGS will offer those prints for sale at future CWGS events.
