## The Face of CWGS will change this month

CWGS members interested in being more than just "members" are invited to consider running for an elected Board of Directors position at the September 11 General Meeting.

Prior to the elections, discussion with all prospective candidates will center around Goals and Objectives for 2006, including possible meeting date and/or location changes, as well as possible new activities. The current Board has recognized the changing CWGS membership, and has

attempted to meet those changes in a proactive way.

A special commitment to CWGS and its mission to provide education and assistance to anyone interested in water gardening is required, as well as extra time. The rewards, however, are immeasurable, and give an insight the members oftentimes don't ever see.

The Board Meeting begins at 12:00 Noon in the Morrison Center.
