There will be both hardy and tropical aquatic plants. There will also be fertilizer tablets for sale. A list of plants we are expecting is posted on the website. Remember this list is only what we ordered or expect to receive from donations of a certain plant when we order.

The Plant Sale Committee has been hard at work behind the scenes selecting the plants we order for our annual Sale. We expect to have a great selection of hardy and tropical aquatic plants.

The Sale is a lot of work but also a lot of fun. We help people get what they need to make their water gardens successful and beautiful.
